

Involvement in the WNRTA

Our organization of over 600 members makes a positive impact on the community. We strive to research and report on topics of interest to both natives and wash-a-shores. Summer program attendance is at an all time high.

Volunteers comprise committees that study Wellfleet's finances, the harbor, water management, ponds, historical preservation, zoning, planning, the transfer station and many other hot-button topics.

Past public meeting have included presentations concerning the Herring River Restoration, the Comprehensive Plan, Affordable Housing, and Wellfleet's many non-profit organizations that help keep Wellfleet vital and unique.

Additional topics include the Annual "State of the Town" address by the Town Administrator, Beaches & Ponds, Municipal Water expansion.

We hope that you have enjoyed our summer programs, newsletters and information emails. The WNRTA relies on dues and donations as a sole source of funding. Please help support our efforts in the future.

Founded in 2000, our mission is to:

- Provide a forum and a voice for non-resident taxpayers
- Work for the betterment of the Wellfleet community
- Provide topical and timely information on our town throughout the year
- Encourage involvement, cooperation and communication among non-residents, the town of Wellfleet, and other Cape organizations.

The Purpose of the Association shall be to work for the betterment of the entire community by providing a forum for Wellfleet's non-resident taxpayers.
